VisibleThread 2.8 – Product Update & Release Notes

September, 2012

The theme of this release is usability. We have redesigned much of the Look and Feel to make the user experience better.

Clearer Look and Feel

The cosmetic enhancements include simplified tabs and clearer, more consistent buttons.

New Help tab

We have introduced a new Help tab at Home level. This provides links to our 3-minute 'how to' videos, FAQs and other resources.

More relevant and clearer actions

We have moved many analysis 'actions' closer to where the data is.

For example to run a different scan, just click the 'run different scan' button.

1 Detailed list of specific usability improvements

	[VT-667] - Allow Users to 'Run Concept List analysis' when selecting a doc
	[VT-679] - Minimise the 'discussion/heatmap' tab for all screens
	[VT-680] - Clean up activity view for folder and document level - lose graphs & spurious columns
	[VT-684] - When moving from doc to folder level always select summary tab.
s	[VT-686] - For Vital Stats Summary View- put #0578D5 color for hyperlinks - following convention in Folder ummary
s	[VT-687] - For all Discussions Views - put #0578D5 color for any hyperlinks - (following convention in Folder ummary)
	[VT-688] - In IE 9 - bottom border of headings at Vital Stats Summary view not showing
	[VT-694] - Rename 'Vital Statistics' to 'Home'
	[VT-697] - Change MS Word quality scanning to include headings
	[VT-698] - Rename tab: 'Summary View' to 'Summary' in Vital Stats
	[VT-699] - Put in new 'Help' tab at 'Home' level. Houses 3 minute videos and documenation links, FAQs etc.
	[VT-704] - Minor cosmetics & consistency - using '-' in Home >> Summary to denote 0.00%
	[VT-707] - Simple cosmetics for Help screen - padding etc.
	[VT-708] - Rename 'Add Document' to 'Upload Document'
	[VT-709] - Very simple cosmetic changes for 'Structure View' at doc level for MS Word and Excel docs
	[VT-710] - Simple usability mods for Reference Practices
	[VT-715] - For Discovery and Activity 'Search', change the prompt in the search field to 'Type to filter'
	[VT-716] - Provide hover-over helpers for Tabs throughout the app.
	[VT-721] - Make User column width in Activity View at folder and doc level wider (same size as Home >> Activity)
	[VT-722] - Minor cosmetics - Home >> Activity 'Search first' & Home >> Summary Remove icon from 'New Folder

[VT-722] - Minor cosmetics - Home >> Activity 'Search first' & Home >> Summary Remove icon from 'New Folder' action

[VT-703] - Add "Run New Scan" action to the menu bar under Quality & Concept tabs
